

The Fens Pig Club

**How do the top herds achieve 30+ pigs weaned / sow / year?
with John Richardson, Production Performance Services Ltd**

What: John Richardson recently completed an AHDB Pork survey of some of the higher performing UK indoor herds and a few Danish producers – one of which was rearing 37.4 pigs / sow / year. His talk this evening will cover this survey – discussing techniques that the producers found beneficial, and many other management routines:-

- What constitutes good management of the sow and litter?
- What are the similarities and differences in sow management
- Can we produce Standard Operating Procedures?

Who: Suitable for farm managers and stock people
