

South Yorkshire Pig Club

How do European Pig Producers Reduce Their Antimicrobial Usage?

What: ForFarmers have extensive experience of how units in Europe have adapted to reduce the requirement for in feed medication and overall amount of antimicrobials used. There is an ever increasing pressure on us to do the same and so the evening will focus on the strategies they have recommended and employed.

Who: Suitable for farm managers and stock people

Date: 7:30pm Thursday, 26th November 2015

Location: The Red Lion Hotel, Todwick Sth Yorks, S26 1DJ
