Tel: 07583 517930 or
email: real.welfare@ahdb.org.uk

Building name / number :						
Ventilation (see box right)						
Pen type (split building by different group sizes, feed types etc) differentiate as a,b,c,d etc						

Ventillation

(1) Natural
(2) ACNV,
(3) Powered,
(4) Natural + Fan Natural.

Pen number / ID						
Total number of pigs in pen						
Pen design (1-7) (see box right)						
Feed type: (1) Liquid; (2) Pellet; (3) Meal						
Feeding system A: (1) Ad lib; (2) Restricted (meals)						
Feeding system B: (1) Hopper; (2) Trough; (3) Floor						

Pen design

(1) indoor - open plan (plain square / rectangle)
(2) indoor - open plan with internal walls
(3) indoor - kennels
(4) indoor / outdoor - Trowbridge type
(5) indoor / outdoor - Kennels + yard
(6) Outdoor - shelter + field
(7) Other

Approx pig weight: 50kg+ or 30kg+						
Number to be observed this pen for body & tail score (see sampling guidance right)						
Running total of number observed (based on sample number per pen (above))						

Sampling guidance:

*** For pens up to 24 pigs, sample all pigs**
*** For pens of 25-100 pigs sample 25 pigs**
*** For pens of >100 pigs sample 50 pigs**
*** If 50 pigs will not reach target no. (E.g. few very large pens), split amount to sample at least 5 pens**

1. Hospital pigs (whole pen)

Number of pigs that would benefit from being in a hospital pen						

2. Lame pigs (whole pen)

Number of lame pigs in pen						

3. Tail lesions (sample)

Are tails (d) docked; (u) undocked; (m) mix of docked and undocked?						
Tail length (see box right)						
Are you recording mild tail lesions? (Y/N)		***If not scoring mild lesions, please complete row for severe lesions only; if scoring mild tail lesions (optional), please also complete next three rows.***				
Number with lesion present (Optional)						
Number with no lesions (Optional)						
Number tails in sample too dirty to score (Optional)						
Number with severe lesion						

Tail length (as proportion of full length)

(1) <0.3
(2) ~0.5
(3) >0.5
(4) undocked (full)
(5) mix of lengths

4. Body marks (sample)

Are you recording body marks? (Y/N)		***If not scoring mild lesions, please complete row for severe lesions only; if scoring mild tail lesions (optional), please also complete next four rows.***				
Number with mark(s) present (Optional)						
Number with no body marks (Optional)						
Number of pigs in sample too dirty to score (Optional)						
If >25% with marks, any noticeable pattern in pen? (S) Shoulder; (H) Hindquarters, (L) Legs or (F) Flank (Optional)						
Number with severe lesion						
Any flank bite lesions in the pen (Y/N) ?						
Any ear bite lesions in the pen (Y/N) ?						

Enrichment type:

Straw, Wood chip. Shavings, Cchain, Hollow Plastic (e.g. containers, tubes), Solid Plastic, Wood, Cardboard, Wellies, Traffic cone, Other, none seen

5. Enrichment use - Please enter description of enrichment present (see right)

Assess sitting or standing pigs only; carry out as one long scan of pen:(Optional)

Number of pigs with mouth or snout in contact with:

1) Substrate or objects provided for Enrichment (Optional)						
2) Other pigs, pen equipment/ floor/ muck (Optional)						
3) Additional Active (standing or sitting pigs) e.g. feeding, drinking, dunging, doing nothing with mouth/snout (Optional)						

Pen type	Enrichment (type, size, position as above)
